

October 22, 2009

For over 40 years, Delair Group LLC, including Delair, LLC, manufacturer of swimming pools under several brand names, including: Esther Williams, Johnny Weissmuller, and Symphony Series, has been serving customers in the swimming pool and fence markets. During the past several months, Delair Group has been conducting a strategic review of its product lines. After careful consideration, Delair Group has decided to focus its business entirely on its growing line of fence products. Although, effective immediately, Delair Group will be discontinuing its swimming pool product lines, Delair, LLC will work with customers to fulfill pending pool orders; and will continue to meet Delair, LLC warranty obligations.

Delair Group is enthusiastic about the future of the fence industry. As the only fence manufacturer extruding its own aluminum, Delair's fence business, also known as Delgard, continues to be recognized as the most flexible, responsive, and customer- focused company in the industry. The Delgard premier line of aluminum fencing continues to grow, and, with renewed focus, Delair Group has plans for increased support and further expansion of its product line and geographic coverage. Recently, Delair Group made significant commitments to several new, key Delgard projects that will be introduced in 2010. These exciting and innovative products will continue our commitment to exceed our customer's expectations, today and into the future.

Delair Group would like to thank all of its customers, employees, outside sales representatives and vendors, for their years of support and dedication to Delair's swimming pool business. Please feel free to contact us at 1-800-235-0185, or at info@delairgroup.com, if you have any questions regarding the handling of pool business-related matters.

Delair Group looks forward to the next 40 years, and continuing to grow and expand its businesses, and being an industry leader and product innovator, in the expanding fence products marketplace.
